

## **Gosford District Motor Cycle and Cycle Club.**

The meeting held at the School of Arts on Tuesday evening last for the purpose of forming a motor cycle and cycle club was largely attended, and a club was formed. Subscription is 5/ per annum, 2/6 on joining, and 2/6 each half year. Mr. Joe Davis (Woy Woy) was elected President, Mr. Cecil Lewis Hon. Secretary, Mr. W. Ward Treasurer, and Messrs W. Vaughan, H. Moore, J. Eden, F. White, W. Hill, H. McNamara, and C. Dunk, Committee. Mr. W. Watts is official timekeeper, Mr G. Fletcher referee (for cycle races), and Mr. W. Vaughan handicapper.

It was decided to affiliate with the N.S.W. League of Wheelmen, and to bank in the Rural Bank.

A number of Vice-Presidents were elected, but as some of these were not present at the meeting, the names of those who accept the position will be published later.

It was decided to run a hill climb for motor cycles this Saturday, at the School Hill, Gosford, the prize to be a gold medal, and the winner to hold it outright. The machines are to be in touring condition, and no cut-outs will be allowed. The start will be right at the commencement of the hill, and all powers will be off the same mark. It is optional for the big powered machines to be ridden solo or with side-car, but no allowance will be made if side-car it attached. The event is open to all who desire to join the Club, and subscriptions will be taken on the day of the event, to enable those who have not yet joined up to compete. The same applies to the cycle race. This will be a handicap of three miles, and will start at about 4.15 p.m. (the hill climb starts at 3 p.m.), and will be over the Erina course (unless weather conditions cause an alteration in course to be made by the Committee). There are 1st, 2nd, 3rd and fastest time prizes. It was also decided to offer to put on a cycle race at the Citrus Show, and the officials of that organisation are to be interviewed re the matter, and the result will be published next week.

The hill climb will be conditional on the weather permitting, and it will need at least two fine days before Saturday to make the hill thoroughly safe to climb. The working-bee has taken

to climb. The working-bee has taken the rough bumps out of it, and, with the fine weather mentioned, it should be O.K.

The Club wants every motor cyclist in the district to be present if possible. The entry fee is small, and the fun should be large. The public are cordially invited to witness both the race and hill climb.
